

# Himani pant

Associate Developer

+91-9193538464 | himanipant333@gmail.com | Dehradun, INDIA | Experience: 2 Years 1 Month

As a results-driven **Full Stack Developer** with **2 years of experience**, I specialize in building scalable **web and mobile applications**. Proficient in front-end technologies such as **React.js, React Native, Angular, and JavaScript**, my strong backend development skills include **Java, Spring Boot**, and microservices architecture. I have a proven track record of developing clean code, optimizing performance, and collaborating effectively in agile environments. I am passionate about continuous learning and dedicated to delivering end-to-end solutions that effectively solve real-world problems. Looking forward to leveraging my expertise to drive innovation and exceed expectations in the field of full stack development.

## SKILLS

- MongoDB
- React Native
- Javascript
- Spring Boot
- Postgresql
- SQL
- React.js
- Java
- Github

## WORK EXPERIENCE

Associate Developer - Evon Technologies

Jul 2023 - Aug 2025

- Collaborated with team members to develop and implement new software features, resulting in a 20% increase in product functionality
- Streamlined code development processes, reducing project completion time by 15%
- Conducted thorough testing and debugging of code, leading to a 30% decrease in software errors

## PROJECTS

User profile(Full Stack)

18 Months

- Developed a full-featured job portal application similar to Naukri.com, facilitating job seekers to search and apply for jobs, and enabling employers to post and manage listings.
- Utilized React Native to build the mobile front-end, ensuring a seamless cross-platform user experience.
- Designed and implemented scalable REST APIs using Spring Boot with Reactive Programming (WebFlux) on the backend.
- Implemented essential features such as user authentication, job search and filtering, profile management, and notification handling.
- Ensured maintainability and performance by adhering to best practices in clean code, modular architecture, and secure API design.

3d demo app and meeting tool(Front End)

6 Months

- Developed a team collaboration tool to enable seamless communication and real-time interaction for teams through group and direct messaging.
- Enhanced team productivity by implementing a user-friendly collaboration tool for efficient communication and streamlined interaction.
- Spearheaded the design and implementation of a team collaboration tool, resulting in improved communication and enhanced teamwork.

## EDUCATION

2023 B.Tech/B.E. | Computers

Uttarakhand Technical University,  
Dehradun  
Marks - 75%

## DIPLOMA

Computer science and engineering (2017-2020)
